

Information regarding Railway Line

The Railway Line abutting Olive Gardens Estate is rarely used.

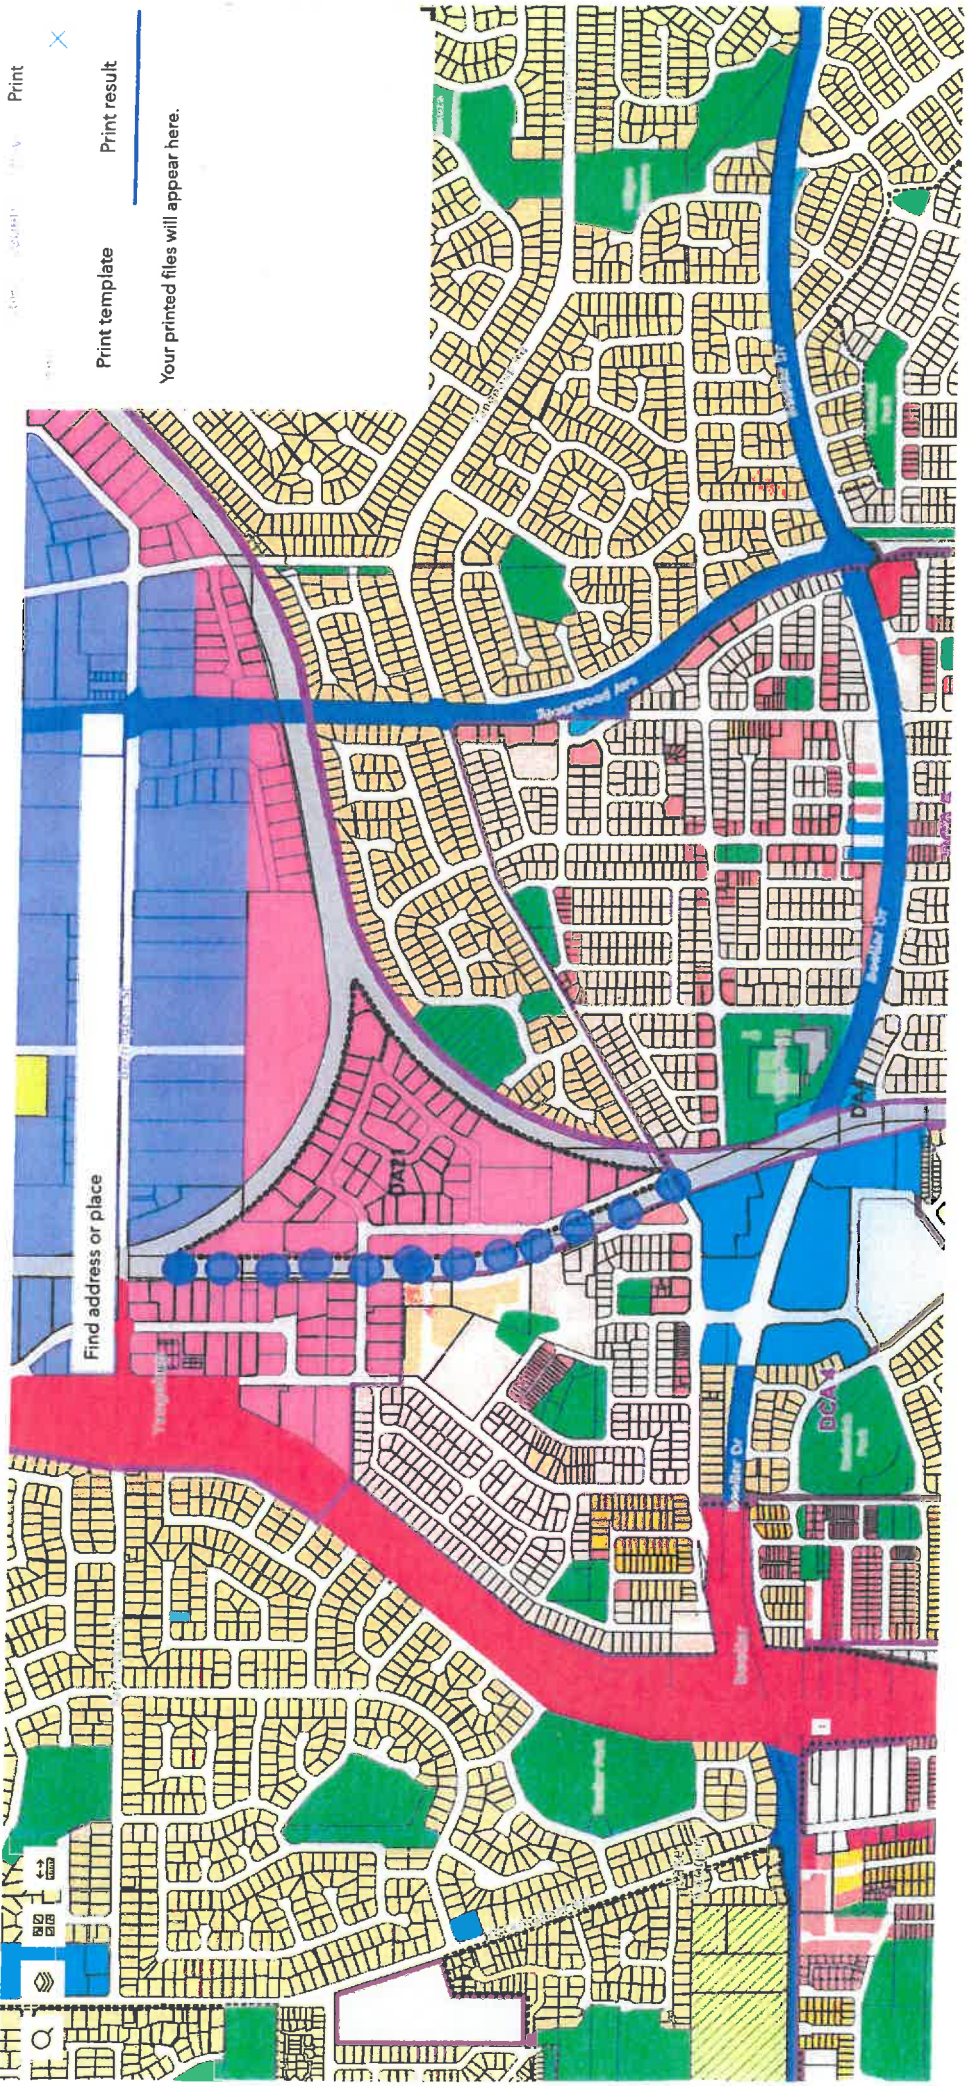

This portion of the railway line It is only used infrequently for train movements. An acoustic report was prepared for the development which included the used of noise monitoring on the line. During the 10 days monitoring period 3 trains used the track for maneuvering purposes. Please refer Page 5 section 3.1 of the attached report.

The regularly used railway link is the track from Rockingham to Kewdale and the track from Kewdale to Fremantle as illustrated in the attached plan.

Therefore, the railway line abutting the olive Gardens Estate has minimal impact on the development.
